Law Enforcement Guide to Reducing Human Interference with Coastal Nesting Birds

June 2025

The content herein does not necessarily reflect the views or opinions of CBBEP or other organizations that may have provided funding for this project, No. 2542. (Revised August 2025)

This Guide is intended to outline restricted human actions adversely impacting coastal nesting birds in Texas by identifying the laws that protect those birds. The first section discusses migratory bird protections. The second explains the additional protection for birds classified as endangered or threatened. The last section outlines other enforcement measures for human interference with nesting birds such as trespass or uncontrolled dogs. A table at the end identifies Texas coastal nesting birds and the laws that apply to each species.

1. MIGRATORY BIRDS. For almost all birds it is against federal law to injure or kill a bird or its eggs or take its nest.

1,106 bird species in the U.S. are protected under the Federal Migratory Bird Treaty Act (MBTA):

- The MBTA prohibits taking or killing birds, nests, or eggs "by any means or in any manner."
- "Take" includes "wound." 50 C.F.R. § 10.12.
- Hunting licenses allow hunting certain migratory birds during open season.
 Otherwise, a permit is required to injure or kill these birds or their nests and eggs.

Penalty: A fine of not more than \$15,000, a jail term of not more than six months, or both.

Texas law has three categories of birds, although almost all are migratory under federal law:

severely declining, with 70% of the population lost since the 1980s. Low nesting success is most likely contributing to this decline. Factors include human disturbance, flooding, and predation. Photo Credit: Liam Wolff, Harte Research Institute Source: Coastal Bend Bays & Estuaries Program

- <u>Nongame Birds</u>. These two provisions do not apply to shorebirds, which are all defined as game birds. *See* Game Birds, below.
 - Illegal to kill or injure a nongame bird. Tex. Parks & Wild. Code § 64.002(a)(1).

- Illegal to disturb or destroy the nest, eggs, or young of nongame birds. Tex. Parks & Wild. Code § 64.002(a)(3).
- O See Tex. Parks & Wild. Code § 64.002(b)-(d) for exceptions.

Penalty:

- First conviction: Class C misdemeanor with a fine of \$25 to \$500. Tex. Parks & Wild. Code §§ 12.406, 67.005(a).
- Second conviction: Class B misdemeanor with a fine of \$200 to \$2,000, a jail term of not more than 180 days, or both. Tex. Parks & Wild. Code §§ 12.405, 67.005(b).
- All subsequent convictions: Class A misdemeanor with a fine of \$500 to \$4,000, a jail term not to exceed one year, or both. Tex. Parks & Wild. Code §§ 12.404, 67.005(c).
- <u>Game Birds</u> refers to wild birds available for hunting during open season by those with a valid license.
 - Includes "wild shore birds of all varieties ... wild plover of all varieties, and wild sandhill cranes." Tex. Parks & Wild. Code § 64.001.
 - Note: "wild plover of all varieties" are game birds, but Piping Plovers are protected under federal and state law.

Sandhill Cranes are game birds, but the upper Texas coast and an area around Corpus Christi are closed to hunting them. Photo Credit: Liam Wolff, Harte Research Institute

- Note: There is no open season for "any species of shorebird" unless provided. 31 TAC § 65.313(b).
 - For example, Wilson's Snipe, a shorebird, has a hunting season.
- Illegal to destroy or take the nest, eggs, or young of any wild game bird or wild bird. Tex. Parks & Wild. Code § 64.003.
 - This is less restrictive than Sec. 64.002, which prohibits destroying *or disturbing* the nest, eggs, or young of nongame birds.

- "Take" is defined as collect, hook, hunt, net, shoot, or snare, and attempting or pursuing to do these things. Tex. Parks & Wild. Code § 1.101(5).
 - This requires greater injury than under the federal definition under the MBTA where "take" includes "wound." 50 C.F.R. § 10.12.
- <u>Migratory Game Birds</u> include the following coastal birds: wild plovers and shorebirds of all varieties. Tex. Parks & Wild. Code § 64.021.
 - o Illegal to kill or take these birds, nests, or eggs.
 - Note: The Outdoor Annual's "Species Illegal to Hunt: Migratory Game Bird" is incomplete.

Penalty: Class C Parks and Wildlife Code misdemeanor with a fine of \$25 to \$500. Tex. Parks & Wild. Code §§ 12.406, 64.027.

2. ADDITIONAL PROTECTION for some bird species

A. Federal Endangered Species Act (ESA)

- Illegal to harass, harm, pursue, wound, or kill any bird listed under the ESA.
- Harass means any behavior that is likely to injure wildlife, such as by annoying the bird or eggs so much the bird significantly changes its normal behavior, including breeding, feeding, or sheltering.
- Harm means an act that kills or injures a bird, including significant habitat modification that leads to the bird (or egg) suffering injury or death when essential behavior such as breeding, feeding, or sheltering is impaired

Penalty:

Civil penalty: \$1,617 to \$63,991, depending on

Only one Texas coastal nesting bird is ESA-listed: the Aplomado Falcon (endangered). Photo Credit: Liam Wolff, Harte Research Institute

- whether the behavior was knowingly done. "Knowingly done" does not mean the violator knew the bird or eggs were protected.
- o <u>Criminal penalty</u>: \$100,000 or up to 12 months in jail.
- B. <u>State law</u> protects birds listed under the federal ESA *and* those designated as threatened or endangered under state law.
- State-listed coastal nesting birds are Aplomado Falcon (endangered), and Reddish Egret, White-faced Ibis, and Sooty Tern (all threatened). *See* Table, below.

Penalty:

- First conviction: Class C misdemeanor with a fine of \$25 to \$500. Tex. Parks & Wild. Code §§ 12.406, 67.005(a) (threatened), 68.021(a) (endangered).
- Second conviction: Class B misdemeanor with a fine of \$200 to \$2,000, a jail term of not more than 180 days, or both. Tex. Parks & Wild. Code §§ 12.405, 67.005(b) (threatened), 68.021(b) (endangered).
- All subsequent convictions: Class A misdemeanor with a fine of \$500 to \$4,000, a jail term not to exceed one year, or both. Tex. Parks & Wild. Code §§ 12.404, 67.005(c) (threatened), 68.021(c) (endangered).
- O Also, the species has a higher wildlife recovery value under 31 TAC § 69.22(b)(7)-(8).

Photo Credit: Liam Wolff, Harte Research Institute

3. <u>BEHAVIOR THAT CAN BE</u> <u>ILLEGAL</u> in connection with nesting birds

A. Trespass: It is illegal to enter property without consent where posted or otherwise informed. Some coastal islands are private. Tex. Penal Code § 30.05.

Penalty: Fine up to \$2,000, a jail term not to exceed 180 days, or both. Tex. Penal Code § 12.22.

• If a deadly weapon is carried, fine up to \$4,000, up to 1 year in jail, or both. Tex. Penal Code §§ 12.21, 30.05(d)(3)(C).

<u>B. Animal control</u>: Some coastal municipalities expand protection for coastal nesting birds by prohibiting dogs from disturbing nesting birds.

Corpus Christi:

Dogs must be "under restraint" on Gulf beaches — either on a leash or subject to the commands of its human — keeping "the dog from harassing, threatening, biting, or attacking **any other animal** or person" (italics and emphasis added). It is illegal to allow a dog to attack or threaten an animal on a public beach. Corpus Christi Code of Ord. § 10-59 (a),(b).

• **Penalty**: Violation with a fine of no more than \$500. Corpus Christi Code of Ord. § 6-2(a).

Rockport:

Dogs cannot be running at large. Rockport Code of Ord. § 18-27.

• Penalty: Misdemeanor with a fine not to exceed \$200. Rockport Code of Ord. § 18-28. The dog does not need to be impounded if its owner is known. Rockport Code of Ord. § 18-33.

Wilson's Plover nest (left) and Least Tern nest (right). Scrape nesters like these scrape dents in the ground to nest. These nests can be hard to see and are especially vulnerable to humans and dogs. Photo Credit: Stephanie Bilodeau (Houston Audubon)

Port Aransas:

It is illegal for a person to allow their dog to run at large on city beaches or public grounds. Port Aransas defines "at large" to refer to dogs not restrained by a leash of 10 feet or less. Port Aransas Code of Ord. § 4-26.

• **Penalty**: The dog may be impounded; fine between \$10 and \$200. Port Aransas Code of Ord. § 4-101.

It is illegal to injure or harm wildlife in Port Aransas *parks*. Port Aransas Code of Ord. § 18-242(10).

All pets must be on a leash in Port Aransas parks. Port Aransas Code of Ord. § 18-242(2).

• Penalty: Class C misdemeanor. Port Aransas Code of Ord. § 18-240(a).

Table of Texas Coastal Nesting Birds

All are protected under the Migratory Bird Treaty Act (16 U.S.C. § 703, et seq.; 50 C.F.R. § 10.13 Table). Additional protections are noted based on the Texas Species of Greatest Conservation Need.

Species	Preferred Nesting	Notable	Listing
(by common name)	Habitat in Texas	Nesting Habits	Category*
American Oystercatcher	Sandy beaches	Scrape nester	
Haematopus palliatus		_	
Aplomado Falcon	Coastal prairies	Nest platforms	FE, SE, S1
Falco femoralis			
Black-bellied Whistling	Shallow fresh	Trees or on	
Duck	waterbodies	ground	
Dendocygna autumnalis		~	
Black-crowned Night	Variety of coastal	Colonial;**	
Heron	habitats	Trees or shrubs	
Nycticorax nycticorax	0 1	0.1.1	COD
Black Skimmer	Open sandy areas,	Colonial;	S2B
Rynchops niger	coastal islands	scrape nester	
Brown Pelican	Islands, spoil banks	Colonial; trees,	
Pelecanus occidentalis		shrubs, or	
		ground	
Caspian Tern	Coastal islands with	Colonial;	
Hydroprogne caspia	open space	scrape nester	
Cattle Egret	Coastal islands	Colonial; trees,	
Ardea ibis		shrubs	
Great Blue Heron	Variety of habitats	Colonial; trees,	
Ardea herodias		shrubs, ground	
Great Egret	Fresh and marine	Colonial; trees,	
Ardea alba	estuaries	shrubs, ground	
Green Heron	Brackish marshes	Shrubs, trees	S5B
Butorides virescens			
Gull-billed Tern	Sandy beaches	Colonial;	
Gelochelidon nilotica		scrape nester	
Laughing Gull	Coastal islands	Colonial;	
Leucophaeus atricilla		scrape nester	
Least Bittern	Fresh and brackish	Build woven	
Botaurus exilis	marsh	platforms	
Least Tern	Sand beaches or dry	Colonial;	S2B
Sternula antillarum	mudflats	scrape nester	
Little Blue Heron	Woody vegetation in	Colonial; trees,	
Egretta caerulea	wetlands	shrubs	

Species	Preferred Nesting	Notable	Listing
(by common name)	Habitat in Texas	Nesting Habits	Category*
Neotropic Cormorant	Bays, wetlands,	Colonial;	
Nannopterum brasilianum	spoil islands	shrubs and trees	
Reddish Egret	Coastal islands with	Colonial; trees,	ST, S2B
Egretta rufescens	low vegetation	shrubs, ground	
Roseate Spoonbill	Woody vegetation in	Colonial; trees,	
Platalea ajaja	wetlands	shrubs	
Royal Tern	Barren sandy barrier	Colonial;	
Thalasseus maximus	islands	scrape nester	
Sandwich Tern	Barren sandy barrier	Colonial;	
Thalasseus sandvicensis	islands	scrape nester	
Snowy Egret	Woody vegetation in	Colonial; trees,	
Egretta thula	estuarine wetlands	shrubs	
Snowy Plover	Sandy beaches	Scrape nester	S3B
Charadrius nivosus			
Sooty Tern	Spoil islands	Colonial;	ST, S1B
Onychoprion fuscatus		scrape nester	
Tricolored Heron	Woody vegetation in	Colonial; trees,	
Egretta tricolor	estuarine wetlands	shrubs, ground	
White American Pelican	Spoil islands	Scrape nester	
Pelecanus erythrorhynchos			
White-faced Ibis	Low vegetation in	Colonial;	ST***
Plegadis chihi	wetlands	Shrubs or low	
		trees	
White Ibis	Woody vegetation in	Colonial;	
Eudocimus albus	coastal marshes,	Shrubs or low	
	mudflats	trees	
Wilson's Plover	Sand flats,	Scrape nester	S3B
Charadrius wilsonia	shorelines, dunes		
Yellow-crowned Night	Woody vegetation in	Colonial; trees,	
Heron	estuarine wetlands	shrubs, ground	
Nyctanassa violacea			

^{*}FE = Federal Endangered – 16 U.S.C. § 1531 et seq., 50 C.F.R. § 17.11(h).

Primary source for Table: TPWD, Species of Greatest Conservation Need, https://tpwd.texas.gov/wildlife/wildlife-diversity/swap/sgcn/?taxonomic_group= Birds&federal_status=All&status=All&endemic=All (last updated June 16, 2025).

SE = State Endangered – Tex. Parks & Wild. Code Ch. 68, 31 TAC § 65.176.

ST = State Threatened - 31 TAC § 65.175.

S1 = critically imperiled in Texas; S2 = imperiled in Texas; S3 = vulnerable in Texas; S5 = secure in Texas; B = breeding population; N = nonbreeding population.

^{**} Colonial nesting = when many birds nest in a common area at the same time. Such an area sometimes is referred to as a rookery.

^{***} Identified as threatened in 31 TAC § 65.175 table, but not on the state status list.
